

TECHNICAL INNOVATION

ALPINE **pacific**<sup>®</sup>  
GROUP LTD

*... looking after ourselves and our planet ...*

*Alpine Pacific Group Ltd designs and distributes an innovative range of products for use in agriculture and industry.*

*The Supasweeper and the Supascrapper offer significant improvements on traditional sweeping and scraping devices, reducing time spent by up to two thirds on traditional methods. This is achieved through the patented design that provides an excellent ergonomic fit for each product to produce an effective and efficient performance without any associated back strain.*

*Alpine Pacific Group Ltd is based in Wanaka in the Southern Lakes area of Central Otago, New Zealand. Companies benefiting from its products are spread throughout the world, including New Zealand, Australia, Argentina, Chile and the USA.*
